Independent Auditor's Report

To the President and Board of Trustees
Village of Woodson, Illinois

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, and each major fund of Village of Woodson, Illinois, as of and for the year ended April 30, 2022, and the related notes to the financial statements, which collectively comprise Village of Woodson, Illinois' basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of Village of Woodson, Illinois, as of April 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). We are required to be independent of Village of Woodson, Illinois and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Village of Woodson, Illinois' management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village of Woodson, Illinois' ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Village of Woodson, Illinois' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village of Woodson, Illinois' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 26–30 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Woodson, Illinois' basic financial statements. The schedule of equalized assessed valuations, tax levies, rates, extensions and collections on page 31 is presented for purposes of additional analysis and is not a required part of the financial statements.

RECONCILIATION OF STATEMENT OF REVENUE, EXPENDITURES, AND CHANGES IN FUND
BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

Year Ended April 30, 2022

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances - Total Governmental Funds \$ (63,820)

Governmental Funds report capital outlay as expenditures. However, in the Statement of Activities, the cost of those assets are allocated over their estimated useful life and reported as depreciation expense. This is the amount by which capital outlay exceeds (is less than) depreciation in the current period.

Capital Outlay 45,755
Depreciation Expense (14,821)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds

Change in Compensated Absences 1,439

Change in Net Position of Governmental Activities \$ (31,447)

VILLAGE OF WOODSON, ILLINOIS
NOTES TO THE FINANCIAL STATEMENTS
April 30, 2022

Note 1. Summary of Significant Accounting Policies

1. Introduction

The accounting and reporting framework and the more significant accounting principles and practices of the Village of Woodson, Illinois are discussed in subsequent sections of this Note. The remainder of the Notes are organized to provide explanations, including required disclosures, of the Village's financial activities for the fiscal year ended April 30, 2022.

A. Financial Reporting Entity

The Village of Woodson, Illinois operates under a charter as a Village under a President-Board form of Government and provides the following services as authorized by the Statutes of the State of Illinois: Public Safety (Police and Fire), Streets, Recreation, Sewerage and General Administrative Services.

The Village's financial statements include the accounts of all Village operations. The criteria for including organizations within the Village's reporting entity, as set forth in GASB No. 61, "The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34", is financial accountability. A component unit is included in the Village's reporting entity if it is both fiscally dependent on the Village (the primary government) and there is a potential for the component unit to provide specific financial benefits to, or impose specific financial burdens on the primary government. The primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Based upon the application of the criteria for inclusion as set forth in GASB No. 61, "The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34", there are no component units.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information on all of the non-fiduciary activities of the Village. Individual funds are not displayed, but the statements distinguish governmental activities, generally supported by taxes and Village general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity.

VILLAGE OF WOODSON, ILLINOIS
NOTES TO THE FINANCIAL STATEMENTS
April 30, 2022

Note 1. Summary of Significant Accounting Policies (continued)

B. Government-Wide and Fund Financial Statements (continued)

Program revenues include 1) charges for services which report fees, fines and forfeitures, and other charges to users of the Village's services; 2) operating grants and contributions which finance annual operating activities including restricted investment income; and 3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets and include fees to developers.

These revenues are subject to externally imposed restrictions to these program uses. Taxes and other revenue sources not properly included with program revenues are reported as general revenues.

Fund financial statements are provided for governmental funds and proprietary funds. Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the Village have been prepared in accordance with accounting principles generally accepted in the United States of America.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting, generally including the reclassification or elimination of internal activity (between or within funds). However, internal eliminations do not include utility services provided to Village departments. Reimbursements are reported as reductions to expenses. Proprietary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax revenues are recognized in the year for which they are levied (i.e., intended to finance) while grants are recognized when grantor eligibility requirements are met.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The Village considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred.

VILLAGE OF WOODSON, ILLINOIS
NOTES TO THE FINANCIAL STATEMENTS
April 30, 2022

Note 1. Summary of Significant Accounting Policies (continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Major revenue sources susceptible to accrual include: sales and income taxes, property taxes, utility taxes and intergovernmental revenues. In general, other revenues are recognized when cash is received.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary, continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for sales or services. Principal operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

When both restricted and unrestricted resources are available for use, it is the Village's policy to use restricted resources first, then unrestricted resources as needed. Restricted assets and liabilities payable from restricted assets current in nature are reported with current assets and current liabilities in the financial statements.

The Village reports the following major governmental funds:

The *General Fund* is the Village's primary operating fund. It accounts for all financial resources not reported in other funds.

The *Motor Fuel Tax Fund* accounts for monies received from the State of Illinois for the Village's share of Motor Fuel taxes and the expenditures thereon.

The Village reports the following major proprietary (enterprise) funds:

The *Sewer Fund* accounts for the provision of sewer and garbage services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund including, but not limited to, administration, operations, maintenance, financing and related debt service and billing and collection.

D. Cash and Cash Equivalents

Cash and cash equivalents represent cash on hand, cash deposited in checking accounts and certificates of deposits. The certificates of deposit are reported at their cost which approximates their fair value. For purposes of the statement of cash flows, the Village considers all highly liquid investments such as certificates of deposits to be cash equivalents.

VILLAGE OF WOODSON, ILLINOIS
NOTES TO THE FINANCIAL STATEMENTS
April 30, 2022

Note 1. Summary of Significant Accounting Policies (continued)

E. Capital Assets

Capital assets, which include property, plant and equipment and infrastructure assets (e.g. roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. In accordance with GASB Statements No. 34, the Village has elected to apply the transition provisions for retroactive reporting of infrastructure assets. Under the transition provisions, the Village has no requirement to retroactively report major general infrastructure assets. Under the provision, major new infrastructure is capitalized from May 1, 2004 and forward. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of the donation.

Capital assets having a useful life greater than one year are capitalized using the following dollar thresholds: \$15,000 for land, \$25,000 for buildings and improvements, \$5,000 for equipment, \$5,000 for vehicles, and \$50,000 for roads and bridges.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts and the resulting gain or loss is recorded in operations.

The Village uses the direct expense method of accounting for planned major maintenance costs associated with fixed assets. The costs of such maintenance activities are expensed when actually incurred.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

<i>Description</i>	<i>Years</i>
Building and improvements	20 – 50
Equipment	3 – 10
Vehicles	5
Infrastructure	50

VILLAGE OF WOODSON, ILLINOIS
NOTES TO THE FINANCIAL STATEMENTS
April 30, 2022

Note 1. Summary of Significant Accounting Policies (continued)

F. Deferred Outflows/Inflows of Resources

In addition to assets, the balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Village does not have any items that qualify for reporting in this category.

In addition to liabilities, the balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Village has only one type of item, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, unavailable property taxes, is reported only in the governmental funds balance sheet. The property taxes are deferred and recognized as an inflow of resources in the period that the property taxes become available.

G. Compensated Absences

Accrued sick leave which employees have elected to accumulate is accounted for in hours. Accrued sick leave has not been recorded; the Village is not liable to pay the amount to the employees upon retirement or discontinued services so the amount is undetermined.

Compensated absences are accrued in the government-wide and proprietary financial statements. At April 30, 2022, accrued vacation days amount to \$0. The Village is liable to pay accrued vacation to employees upon retirement or discontinued services. This amount has been recorded as non-current liabilities due in more than one year in the government-wide and proprietary financial statements. Governmental funds report only matured compensated absences payable to currently terminating employees and are included in wages and benefits payable.

H. Fund Equity

Beginning with fiscal year 2012, the Village implemented GASB Statement 54 "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

VILLAGE OF WOODSON, ILLINOIS
NOTES TO THE FINANCIAL STATEMENTS
April 30, 2022

Note 1. Summary of Significant Accounting Policies (continued)

H. Fund Equity (continued)

Nonspendable fund balance: amounts that are not in spendable form (such as inventory) or are required to be maintained intact.

Restricted fund balance: amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions or by enabling legislation.

Committed fund balance: amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.

Assigned fund balance: amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates authority.

Unassigned fund balance: amounts that are available for any purpose; positive amounts are reported only in the General Fund.

The Village Board establishes (and modifies and rescinds) fund balance commitments by passage of an ordinance or resolution. Assigned fund balance is established through lower level action of the Village Board.

The Village expends restricted resources first when both restricted and unrestricted resources are available for the same purpose. When unrestricted resources are expended, the Village uses any committed resources first, followed by assigned resources and unassigned resources.

I. Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the fund that is making the reimbursement.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as operating transfers. Nonrecurring or non-routine permanent transfers of equity are reported as residual equity transfers.

VILLAGE OF WOODSON, ILLINOIS
NOTES TO THE FINANCIAL STATEMENTS
April 30, 2022

Note 1. Summary of Significant Accounting Policies (continued)

J. Long-Term Debt

In the government-wide and proprietary financial statements, outstanding debt is reported as liabilities.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures.

K. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

L. Budgets and Budgetary Accounting

The Village submits to the Board a proposed operating budget for the fiscal year. After being presented at a public hearing the budget is adopted through passage of a resolution.

For each fund, total expenditures may not legally exceed the budgeted expenditures. The budget lapses at the end of each fiscal year. The budget reflects the modified accrual basis of accounting. The budget was adopted on July 5, 2021 and was not amended.

Note 2. Revenue Recognition - Property Tax Revenues

Property taxes are collected and remitted to the Village by Morgan County, Illinois. These property taxes attach as an enforceable lien on property as of January 1. The 2021 levy was adopted by the Village board on December 6, 2021 and taxes are due and payable at that time. All unpaid taxes levied December 6 become delinquent September 1 of the following year. Major tax payments are received July through December. Property tax revenues for the year ending April 30, 2022 consist of receipts from the 2020 and prior levies.

Delinquent taxes are considered fully collectible and therefore no allowance for uncollectible taxes is provided. The 2022 tax levy, which attached as an enforceable lien on property as of January 1, 2022, has not been recorded as a receivable as of April 30, 2022, as the tax has not yet been levied by the Village and will not be levied until December 2022 and, therefore, the levy is not measurable at April 30, 2022.

VILLAGE OF WOODSON, ILLINOIS
NOTES TO THE FINANCIAL STATEMENTS
April 30, 2022

Note 3. Cash and Cash Equivalents

The Village maintains cash accounts for its various "funds" at financial institutions, which are authorized as depositories by the municipal code.

Statutes authorize the Village to invest in obligations of the U.S. Treasury agencies and instrumentalities, certificates of deposit at a bank or savings institution and the Illinois Public Treasurers Investments Pool.

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Village's deposits may not be returned or the Village will not be able to recover collateral securities in the possession of an outside party.

The Village's policy requires deposits to be 100% secured by collateral valued at market or par, whichever is lower, less the amount covered by the Federal Deposit Insurance Corporation (FDIC). Deposited funds may be invested in certificates of deposit in institutions with an established record of fiscal health and service. Collateral agreements must be approved prior to deposit of funds as provided by law. The Village Board approves and designates a list of authorized depository institutions based on evaluation of solicited responses and certifications provided by financial institutions.

As of April 30, 2022, the carrying amount of the Village's deposits was \$431,943, and the bank balance was \$436,071. At year-end, \$368,674 of the Village's bank balance was covered by federal depository insurance coverage, \$0 are covered by specific collateral agreements, and \$67,396 is neither insured nor collateralized.

Note 4. Reserved Fund Balance/Restricted Net Position

At April 30, 2022 the fund balance/net position of the Village is restricted for unspent property taxes and motor fuel tax as follows:

Garbage	\$ 1,790
Fire Protection	5,361
Transportation	57,279
Total	\$ 64,430

VILLAGE OF WOODSON, ILLINOIS
 NOTES TO THE FINANCIAL STATEMENTS
 April 30, 2022

Note 5. Risk Management

The Village is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Village has joined the Illinois Municipal League Risk Management Association, a public risk pool operating as a common risk management and insurance program for Illinois municipalities. The program provides for the creation of a self-insurance pool and the purchase of excess insurance with loss coverage for workmen's compensation, automobile and general liability, automobile physical damage and property damage. During the year ended April 30, 2022, there were no significant reductions in coverage. Also, there have been no settlement amounts that have exceeded insurance coverage in the past three years.

Note 6. Tort Transactions

The Village collects liability insurance property taxes and expends these funds in the General Fund. The tort transactions are as follows:

Tort Receipts	
Property Taxes	\$ 7,868
Tort Expenditures	
Insurance	<u>7,868</u>
Receipts Over (Under) Expenditures	-0-
Restricted Balance, May 1, 2021	<u>-0-</u>
Restricted Balance, April 30, 2022	\$ -0-

Note 7. Balances and Transfers/Payments within the Reporting Entity

Receivables and Payables

Generally, outstanding balances between funds reported as "due to/from other funds" include outstanding charges by one fund to another for services or goods and other miscellaneous receivables/payables between funds. Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are described as "due to/from other funds."

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

VILLAGE OF WOODSON, ILLINOIS
 NOTES TO THE FINANCIAL STATEMENTS
 April 30, 2022

Note 7. Balances and Transfers/Payments within the Reporting Entity (continued)

At April 30, 2022 the Sewer Fund owes the General Fund \$24,522 for salary expense. The General Fund owes Motor Fuel Tax Fund \$38,223 for tax revenues deposited to the General Fund instead of the Motor Fuel Tax Fund.

Note 8. Legal Debt Margin

Equalized Assessed Valuation, 2021 Tax Year	\$ 5,995,343
Statutory Debt Limitation (8.625% of Equalized Assessed Valuation)	\$ 517,098
General Obligation Debt Outstanding	0
Legal Debt Margin	\$ 517,098

Note 9. Subsequent Events

Events that occur after the statement of financial position date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statement of financial position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the statement of financial position date require disclosure in the accompanying notes. Management evaluated the activity of the Village through October 11, 2022, the date which the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements with the exception of the subsequent event disclosed below.

Note 10. Police Contract

The Village is paying the Village of Murrayville on a contractual basis for police protection services provided by Murrayville police officers to the Village of Woodson. For the year ending April 30, 2022, the Village paid \$25,199 to the Village of Murrayville for police protection services.

VILLAGE OF WOODSON, ILLINOIS
NOTES TO THE FINANCIAL STATEMENTS
April 30, 2022

Note 13. Recently Issued and Adopted Accounting Standards

In May 2020, as a result of the ongoing COVID-19 pandemic, the Governmental Accounting Standards Board (GASB) adopted GASB Statement No. 95 – *Postponement of the Effective Dates of Certain Authoritative Guidance*, which postponed the effective dates of the following pronouncements by one year:

Statement No. 84, *Fiduciary Activities*

Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*

Statement No. 90, *Majority Equity Interests- and amendment of GASB Statement No. 14 and No. 61*

Statement No. 91, *Conduit Debt Obligations*

Statement No. 92, *Omnibus 2020*

Statement No. 93, *Replacement of Interbank Offered Rates*

The effective date of the following pronouncement is postponed by 18 months:

Statement No. 87, *Leases*

The Governmental Accounting Standards Board (GASB) has approved the following:

Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*

Statement No. 96, *Subscription-Based Information Technology Arrangements*

Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for I.R.C. Section 457 Deferred Compensation Plans*

Statement No. 98, *The Annual Comprehensive Financial Report*

Statement No. 99, *Omnibus 2022*

When these statements become effective, application of these standards may restate portions of these financial statements.
